Bible Training from RHEMA Bible Training Center, May 2009  
Ministerial License from RHEMA Ministerial Association International

### Biography

Eric and Erica Giesow pioneered the EPIC Commission discipleship program in the Fall of 2009, under the vision of Pastors Jeff and Beth Jones. From the beginning the purpose of EPIC Commission has been to train up this next generation of leaders to make a mark in their world whether in the ministry, marketplace, or home. Together, Eric and Erica are a dynamic husband-wife ministry team, gifted to teach, inspire, challenge and equip college-age students to rise up to the call of God on their lives.

In a society that expects 18-24 year olds to put it in neutral, be irresponsible, and live lives of compromise. EPIC Commission and Eric and Erica Giesow are a voice stirring up the potential in this generation and challenging college-age students to rise above the low standards, take ownership of their lives, and run with it!
